CONFERENCE HONOREE

STAN AND MARY BONACKER FAMILY

Stan and Mary Bonacker of Cedar Hill, Missouri, left a profound legacy within the Charolais breed. Their legacy runs much deeper than the cattle they raised. It is evident they instilled their family with honesty, integrity, leadership, and a deep passion for the Charolais breed. These are traits they also passed on to members of the American-International Junior Charolais Association (AIJCA).

Their journey began in the 1960s, when Mary, despite not coming from a farming background, insisted on acquiring registered cattle. In her heart she knew it would become more than just a hobby.

Stan, ready to leave behind the demanding life of dairy farming, embraced her vision with enthusiasm and together, they founded Windy Hill Charolais, which would become the cornerstone of their lives' work.

Stan and Mary's leadership roots run deep in the Charolais breed. In the late 1970s, they played a key role in revitalizing the Missouri Charolais Breeders Association. They created and mailed informational materials, connected with breeders, and dedicated countless hours to helping rebuild and strengthen the organization they loved. Their commitment spurred others and the Missouri association thrived. In 1980, the state hosted its first Junior National, due in part to Mary and Stan's hard work and dedication. This year will be the seventh Junior National to be hosted in Missouri. What began as a small event with fewer than 100 participants has grown to over 500 today, a true testament to the lasting foundation they helped establish years ago.

Stan and Mary were never in this business or leadership roles for recognition, they did it for the cattle and the people. Whether it was helping a junior with feed costs, sponsoring events, or offering guidance to new breeders, especially young members, they gave generously. They believed wholeheartedly that supporting the next generation was simply the right thing to do. Whatever was needed, the Bonackers showed up, time and time again.

Mary, in particular, had a deep passion for supporting young women in the Charolais breed and the agriculture industry. Her dedication eventually led to efforts to sustain and strengthen the Charolais Queen program. She encouraged young women to speak, to lead, and to represent the breed with pride. She understood that the experience of being Miss Charolais USA was about far more than a crown, it was about building confidence and leadership. That passion lived on through her granddaughter, Rachael Bonacker, who had the honor of serving as the 2016 Miss Charolais USA.

Stan was focused on the cattle and was passionate about performance and carcass quality, challenging long-standing assumptions about Charolais beef; advocating for better marketing and education. His philosophy was grounded in realism and fairness: tell people the truth, and let them make informed choices. He believed in marbling, performance, and consistency, traits not always visible to the eye, but proven in the product.

Even after their own children had grown up, and well before their grandchildren began participating, Stan and Mary kept traveling to Junior Nationals all over the country. They sponsored events, cheered on the youth, and stayed deeply committed to nurturing the program's growth. Their unwavering support was a constant presence.

Despite holding numerous leadership positions, the Bonackers never showed favoritism toward their own children. Their children, Jeff, David and Marsha, worked hard on the farm, juggled responsibilities, and learned alongside their parents. It was not always easy, especially balancing farm life with summer shows. The values of responsibility and perseverance were never negotiable. David Bonacker recalls "There were no gray areas. If you told the truth, you never had to remember how you told it." Their moral compass was unshakable, and they brought that same integrity into every decision, every handshake, every conversation about cattle.

Their impact extended beyond just the organization. For the Bonackers, this breed was more than a hobby, it was family, a way of life and deeply personal. Stan and Mary, passed their passion and work ethic on to their children and grandchildren. Their grandson's, Daniel and Dylan's, first Junior National in 2005, was chaperoned by Stan himself. That trip sparked a chain of involvement that continues today, representing a third generation of Charolais advocates in the family.

The Bonacker children expressed that it is a true honor for their parents to be recognized in the same way that many of their own mentors once were. They shared that their parents' dedication and hard work have not only fostered valuable connections within the industry but have also created a strong sense of family within the Charolais community. This recognition reflects a legacy built on honesty, integrity and the meaningful relationships formed along the way.
